Cavo collegamento sistemi Sequent/PC porta seriale - Sequent systems/PC serial port Connection cable Câble de connexion systèmes Sequent/PC port série - Cable de conexión sistemas Sequent/PC puerto serie

DE512114

Per connettere le centraline Sequent alla porta seriale del Personal Computer.

It connects Sequent ECUs to the Personal Computer serial port.

Pour connecter les centrales Sequent au port série du Personal Computer.

Para conectar las centralitas Sequent al puerto serie del Personal Computer.

Cavo collegamento sistemi Sequent/PC porta USB - Sequent systems/PC USB port Connection cable Câble de connexion systèmes Sequent/PC port USB - Cable de conexión sistemas Sequent/PC puerto USB

DE512222

Per connettere le centraline Sequent alla porta USB del Personal Computer.

It connects Sequent ECUs to the Personal Computer USB port.

Pour connecter les centrales Sequent au port USB du Personal Computer.

Para conectar las centralitas Sequent al puerto USB del Personal Computer.

Cavo collegamento al PC porta seriale - Connection cable for serial port PC Câble de connexion au PC port série - Cable de conexión al PC puerto serie

DE512016-0100

Per connettere il Personal Computer alle centraline della Famiglia Just ed eseguire la taratura. E' necessario, in base al sistema, abbinare un cavo adattatore di pag. 3.

To connect Personal Computer to the Just Family ECUs and realize the setting up. It's necessary to couple it with one of the adapter cables on page 3 in accordance with the system installed.

Pour connecter le Personal Computer aux centrales de la Famille Just et effectuer le réglage. Il faut associer un des câbles adaptateurs de page 3 selon le type de système.

Para conectar el Personal Computer a las centralitas de la Familia Just y efectuar la calibración. Es necesario acoplar un cable adaptador de pag. 3 según el sistema utilizado.

Cavetto adattatore sistemi Just/PC - Just systems/PC Adapter cable
Câble adaptateur systèmes Just/PC - Cable adaptador sistemas Just/PC

Cavetto adattatore da aggiungere al cavo collegamento PC, in base al tipo di centralina Just.

Adapter cable to be added to the PC connection cable, according to the kind of Just ECU.

Câble adaptateur à ajouter au câble de connexion PC, selon le type de centrale Just.

Cable adaptador por añadir al cable de conexión PC, según el tipo de centralita Just.

Codice Code	Centralina ECU
DE512055	Just
DE512155	Just Light
DE512255	Just Junior

Cablaggio avvio taratura Just Junior - Harness for starting Just Junior setting
Câblage de démarrage réglage Just Junior - Cableado arranque calibración Just Junior

Per taratura Just Junior manuale, senza PC.

For Just Junior manual setting up, without PC.

Pour le réglage Just Junior manuel, sans ordinateur.

Para calibración Just Junior manual, sin ordenador.

DE512256

Kit taratura Sequent 24 MY07
Setting Kit for Sequent 24 MY07 - Kit réglage Sequent 24 MY07 - Kit calibración Sequent 24 MY07

Necessario per la taratura del sistema Sequent 24 MY07.

Necessary for Sequent 24 MY07 system setting.

Nécessaire pour le réglage du système Sequent 24 MY07.

Necesario para la calibración del sistema Sequent 24 MY07.
